SILVER METAL

Every gal knows that there is nothing better to show off a fabulous tan than a great necklace. Juliet Jewelry's new Silversmith Line: Life Forms (\$198) has us wanting to bare all. The 2" in diameter hammered sterling silver circle is suspended from a sterling chain and hangs just where you need it to for the heads to turn. These pieces are created by hand and can be worn separately or layered for individual style. The line is exclusively carried at Mint Boutique (1450 W Webster, 773-322-2944).
