JEWEL TONES

Every good swimsuit is only made better by the best and the boldest accessories. The Chicago based line Juliet Jewelry has the pieces to make you stand out in a sea of bikini clad babes. In addition to the unique and trendy jewelry that can be found at Tribeca (2480 N Lincoln or 1013 W. Armitage), Juliet Jewelry offers custom design services for special occasions by appointment only. This necklace, called Elliott, is made of turquoise glass spaced between gold plated tubes. At \$128., there should be no problem adding this piece to your summer swim collection.
